

CHARLESTON
SERIES 50
 VINYL SINGLE HUNG
 AND DOUBLE HUNG WINDOWS

The Charleston Series is another strong option in vinyl windows. Its beveled frame gives a more contemporary look to the home exterior. This window provides excellent energy efficiency and maintenance-free reliability. And as with every Croft window, the Charleston Series is built for life.

STRENGTH

- 2 3/4" frame depth
- Total welded frame and sash construction
- Continuous head and sill on twins and triples

ENERGY SAVINGS

- Energy efficient 5/8" Intercept glass
- Full range of glass packages offer increased thermal performance
- Reinforced interlock system provides airtight fit
- Support leg on sill provides tight seal

BEAUTY

- Beveled frame gives contemporary look to home exterior
- Sloped sill for traditional look to home exterior
- Available in a variety of grid patterns

RELIABILITY AND CONVENIENCE

- Integral pre-punched nail fin for new construction
- Sloped sill for optimal water drainage
- Spiral balance system for easy operation and maintenance
- Optional wood jamb extension for 4-9/16" and 6-9/16" new construction; available primed or stainable

Available for New Construction and Replacement Applications

Available In Picture and Specialty Window, Horizontal Slider and Double Hung

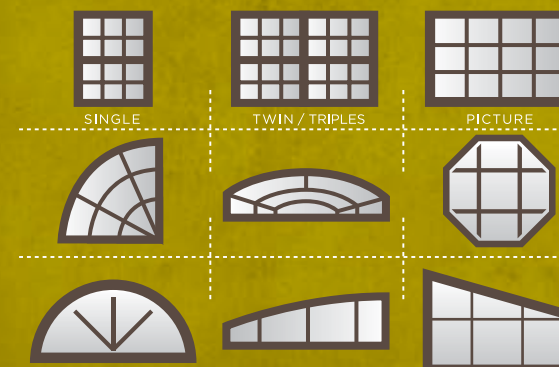

Optional Glass Packages Include: Low-E, Tinted, Obscure, Tempered and Argon Gas Filled
