High tensile strength 3 1/8" x 1 1/4" aluminum frame with patented HERCULES™ corners is supported with four patented maintenance free semi-concealed hinges.

## GIBRALTAR STORM DOORS

The Gibraltar Series is the signature storm door in the industry. With a 1 1/4" thick frame and four hinges, this is our heaviest and sturdiest door. And as with every Croft product, the Gibraltar Series is built for life.

### STRENGTH

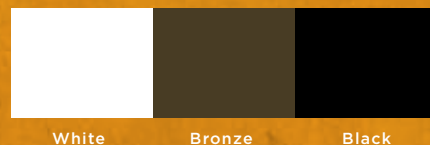

- High tensile strength 3 1/8" x 1 1/4" aluminum frame with four patented maintenance-free semi-concealed hinges
- Heavy-duty closer provides consistent easy opening and closing

### BEAUTY

- Painted with a baked-on polyester finish which resists scratching and chipping

### RELIABILITY, CONVENIENCE AND SAFETY

- Available pre-hung left or right hand or reversible
- Deluxe push-button latch with anti-lock-out feature
- Adjustable bottom expander with flexible bottom sweep for reliable weather protection
- Shatter-resistant tempered safety glass for added protection
- Easily interchangeable glass and optional screen panel using color-matching retainer strips (Style 466 only)
- Available in double French door astragal kits
